

Five natural treatments for sick chickens

Organic remedy benefits

First, the sugar solution helps to revive sick and injured birds, cures diarrhea as well as controls stress. Additionally, honey cures swellings and wounds, this should be smeared on chicken swellings and wounds. Also, apple cider vinegar treats the gut, kills harmful bacteria, boosts immunity, improves egg laying, and promotes growth.

Preparation of remedies

To prepare the sugar solution add 75 grams of sugar to each liter of drinking water. Also, add 2 MLS of vinegar to every 2 liters of water for 2-3 days every month. Furthermore, add 50 MLS of molasses in 2 liters of drinking water and give birds for 4 hours. Lastly, use half spoon of baking soda and half a teaspoon of table salt in 1 liter of chicken water.
